Dear Sir,

RE: INVITATION TO ATTEND SPECIAL ARBITRATION COURSE FOR ENGINEERS

Arbitration is alternative form of dispute resolutions (ADR), which is a process used to settle disputes outside of court. The Act also applies to mediation, which is another type of ADR used to resolve disputes between parties who are unable to reach an agreement on their own. The process is flexible, speedy and cost-effective compared to the decision of resolving the matter through the court.

In this matter, the Institution of Engineers Tanzania (IET) has organized a 5 days **Special Arbitration Course for Engineers** to be held from May 6 – 10, 2024 at National Institute of Tourism, Dar es Salaam (near IFM). Three prominent engineers; Eng. Adv. Menye D. Manga, Eng. Dr. Kumbwaeli W. Salewi and Eng. Exaud Mushi will facilitate the Course.

Engineers Registration Board (ERB) has accredited the course and **PDUs** will be provided. **Continuous Professional Development Programmes** are mandatory for all practicing professional engineers for the purpose of renewing their Practicing License.
